Germany Insists She Will Not Sign

ALLIES FIRM: NO CHANGE IN TREATY

GREATER PART OF HUNS' OBJECTIONS ALREADY ANSWERED.

NO MORE NOTES ARE ACCEPTABLE

Austrian Terms Not Completed For Presentation Monday.

[BY ASSOCIATED PRESS.]
Berlin, May 31.—The German foreign office reiterated categorically and emphatically today a statement made on behalf of the cabinet May 20 that "Germany declines to sign the terms laid before it."

In the meantime the statement which was given originally to the Associated Press has been circulated through Germany by the official Wolff bureau with credit to the Associated Press.

[BY ASSOCIATED PRESS.]
Paris, May 31.—The greater part of the objections raised in the opinion of French diplomatic and political circles, already been set forth in separate German notes and fully answered by the allies. Consequently it is considered that the Council of the peace terms and there is no necessity for verbal discussions in which the Berlin government desires to involve the allied powers.

It is understood that the Council of four will agree in taking this view in answering the Germans.

The German peace delegation has been notified that the period of delay for presenting observations having expired at 6 p. m. Thursday, no further notes will be accepted from the delegation.

Letter Accompanies Note.
It became known today that the German counter proposals were accompanied by a covering letter of 10 typewritten pages, the letter apparently is the work of Count Von Brockdorff-Rantzau as it is more conciliatory than the counter proposals.

The letter points to a most gloomy picture of the fate to which the peace terms condemn Germany. It refers to the sacred character of treaties, disavows the treaty made with Russia at Brest-Litovsk and concludes with the following phrase:

"We shall only undertake those obligations which we are sure of keeping, because it is the German people who in the last resort will give its assent to the treaty."

Austrian Terms Not Ready.
Indications are that the presentation of the peace terms to the Austrian delegation will be postponed beyond Monday when it had been expected they would be handed over. The plenary session of the peace conference this afternoon will decide the question.

The secret plenary session of the peace conference to hear the peace terms to be submitted to the Austrian delegation, met at 3 o'clock this afternoon.

Chairman Clemenceau, as president of the peace conference, today replied to the last two German notes.

President Wilson filled a number of engagements to receive individuals. Among his callers were United States Senator Peter G. Gerry of Rhode Island.

The Jugo-Slav delegation to the peace conference conferred at length with the entire American delegation with the exception of President Wilson. The conference was over the Adriatic question. No decision was reached. The Jugo-Slavs standing firm for their claims.

HOLIDAY CELEBRANTS ASSAILED BY JUDGE

"Take a look at that array in back of you and tell me if there is anything inviting about them," Judge H. L. Macfield told Glen Prybyla, an ex-soldier who claimed his home in Mankato, Minn. The court lectured the young man for fully 15 minutes after he informed the court that he only recently started to drink.

"Are you going to fine you \$5 and costs and if you do not get on the first train that leaves here today for Minnesota I will make you brought back here and send you to jail for 30 days," he told the young fellow.

Five others, all claiming to have come to Janesville on business, were arraigned before the judge and each was fined \$25 and costs or 30 days.

"You fellows have got to be taught that Janesville is no place for a man to come and get drunk," Judge Macfield told the quick insisted on doing all of the talking when he was arraigned. He kept interrupting the judge until he was ordered to keep still.

"I believe that I deserve a little consideration, don't you judge?" was one of Burdick's questions.

Judge Macfield assured him that he would learn the court's opinion shortly.

"Thirty days and if you don't cut out that booze you will regret it," Macfield said.

THREE LOSE LIVES IN 500-MILE DEATH GRIND ON INDIANAPOLIS TRACK

BULLETIN
(By Associated Press)
Indianapolis, Ind., May 31.—Arthur Thurman turned over on the north turn on the 44th lap. It was reported from the judges stand he was killed and his mechanic seriously injured.

Bablot's car, driven by J. Chassagne, his relief driver, turned over. A. Romiguire, mechanic, was injured seriously. Chassagne was hurt slightly.

Thurman, the driver, killed shortly before the turning over of Bablot's car, was from Newark, N. J. It was his first race on a brick track.

Various difficulties put the cars driven by Durrant and Klein out of the race also.

Lecocq and R. Bandini, his mechanic, were both burned to death on the back stretch of the speedway when their car caught fire.

Lecocq's car caught fire while rounding the southeast turn of the track. The machine turned over and the men were covered with flaming gasoline. Both men burned for five minutes before guards and spectators extinguished the flames. The burning gasoline spread over the track and several of the speeding cars were compelled to dash through the blaze. The accident was one of the most serious in the history of the track.

Both Lecocq and Bandini were said to be from Los Angeles. They were running in the 96th lap when the accident occurred.

BULLETIN:
Indianapolis, May 31.—At 8:00 miles the standing in order was: Wilcox, Gaston, Chevrolet, Cooper, Hearne and Bollet.

Indianapolis, Ind., May 31.—The 500 mile international automobile race for purses aggregating \$50,000, started under a sweltering sun at 11 o'clock this morning. Indications at the start were that previous records possibly would be broken.

The race began with a flying start, the first lap being paced by a car not entered in the contest. That lap did not count in the number to be made. The drivers who complete the race must go around the brick paved course 200 times.

Rearrangement of the front row lineup just at the start placed Thomas Wilcox, Guyot and DePalma in that row. Earl Cooper led by a yard at the end of the first lap and DePalma at the second round.

At the end of the first fifty miles, DePalma led, Wilcox was second,

Now Comes Fame Spreads Australia

And now comes Australia with a request for information about Janesville's garbage disposal.

An imposing looking letter enclosed in an envelope marked "On His Majesty's Service," arrived at the Chamber of Commerce today. It was written by Walker, acting under-secretary of the department of local government, Sydney, Australia.

He asks for information concerning the referendum on garbage disposal issued by the joint committee of the city council and the Chamber of Commerce.

The letter was sent a month and a half ago—April 1. It bore Australian stamps to the amount of 2½ pence.

NATIONAL GUARD IN STATE TO BE RE-ORGANIZED

[SPECIAL TO THE GAZETTE]
Madison, May 31.—The Wisconsin national guard will be reorganized as soon as congress passes the reorganization bill which is now pending.

The new reorganized national guard will be composed of approximately 10,000 officers and men, with about 6,000 in reserve if the plans of Adj. Gen. Orlando Holway are carried out.

Adjutant General Holway is working on a plan which will not only again place the Wisconsin national guard on its old standard, when it was recognized as the best in the country, but will add many new features which will give it the standing and efficiency of any army in the world.

Within two weeks he expected to have applications circulated in every city where the national guard had a unit, and where the state guard is now in existence, asking for the establishment of at least one unit of the new national guard.

He expects the new organization bill now pending in congress will permit the returned soldiers to enlist for three years active service and three in the reserve.

In addition he proposes to invite every officer in the state who saw service under the federal government, whether with the old guard or the national army, to enlist in the reserve with the rank held at the time of his discharge from the federal service.

"I have no idea how many commissioned officers there are in Wisconsin," declared Adj. Gen. Holway today. "I have the list of those who entered the service with the old national guard, but after they were mustered into federal service no reports were made to me. I do not know how many there were, but we will be only too glad to offer each and every one of them a commission in the national guard reserve at the time they held when discharged from the federal service. This will permit them to attend all officers' schools, the camps of instruction, etc., with federal pay at their rank for the time served, and will also give us an opportunity to transfer any from the reserve to the active service at any time."

Under the present plan the reorganization of the national guard will mean that the members of the state guard will be mustered out, as they were merely enlisted for the period of the emergency, but they will immediately be given an opportunity of re-enlisting in the national guard at their present rank, but will have to take the oath of service for three years active and three in the reserve.

At 75 miles Wilcox led, with others in order being G. Chevrolet, R. Cooper, L. Chevrolet, Guyot, Bollet, Alley, Goux, Vall and D'Alema. Average speed 51.34 miles an hour.

DePalma had considerable tire trouble and lost 25 miles while at the pits, making changes.

At 200 miles G. Chevrolet had to stop at the pit and changed from first to third position. DePalma took the lead by the change with Wilcox second.

Others in order were L. Chevrolet, B. Cooper, Lecocq and Hearne. Average speed 51.20 miles an hour.

FOREIGNERS FLEE; DIAZ MARCHES ON

PASSENGERS REPORT TROOPS ARE CONCENTRATED IN TONICHI.

ENGINEER TELLS HARROWING TALE

Harding, In Charge Of Mines, Bruised and Beaten, Is Given Liberty.

[BY ASSOCIATED PRESS.]
Aguila Prieta, Sonora, Mex., May 31.—Passengers arriving here from the interior of the state report that Villa followers are concentrating in the neighborhood of Tonicchi, the railroad junction of the Southern Pacific De Mexico.

According to the passengers, all foreigners are leaving that section fearing violence at the hands of numerous hands masquerading under the Villa banner. Mining operations are being paralyzed.

It is reported on good authority that a column of 2,000 Diaz followers is marching from the territory of Tepic to join the Villa adherents.

Harding Released.
Barefoot and bruised about the head and face and suffering for the want of food and water, Franklin B. Harding, chief consulting engineer for the Chicago Exploration and Development corporation, walked into town during the early hours this morning from the company's properties at Telamer, Sonora, bordering on the state of Chihuahua, about 225 miles south of here. Mr. Harding said:

"Early last Tuesday morning the mining camp was attacked by a band of Villa followers and after looting the commissary, I was taken prisoner. The bandits stripped me of my clothing and forced me to accompany them into Chihuahua to the Pueblo of Mors, where I was given my liberty after being beaten and abused and denied food and water."

Employs All Mexicans.
"All the employees of the mine are Mexicans, including the superintendent, whose attempt to intercede in my behalf was ignored by the leader of the band whom I have learned is a cousin of the notorious Red Lopez."

The bandits stripped Mr. Harding of everything of value and, according to his story, they made him take off his shoes, which, after having the soles cut from them, were returned.

After a day's rest, Mr. Harding will leave for Hermosillo, the Sonora state capital, in an effort to prevail upon the authorities to give him mine protection.

Old Age Pension Bill Sent to Engrossment

[SPECIAL TO THE GAZETTE]
Madison, May 31.—Senate in favor of the adoption of a modification of the old age pension plans common in Europe has manifested itself in the legislature and the senate has sent to engrossment by a vote of 12 to 4 the bill to accomplish this purpose.

The Zumbach bill provides for home relief for the aged instead of care in county institutions.

The Zumbach measure provides that any person who is at least 65 years of age and is incapacitated from gainful work by permanent mental or physical disability and who possesses the qualifications under the terms of the law may receive a pension.

Swiss Protest German Blockade

[BY ASSOCIATED PRESS.]
Bern, Friday, May 30.—The Swiss federal council today gave out a statement in which complaint is made that Switzerland has been unable to obtain from the allies modifications of the blockade of Germany, the maintenance of which, it is expected, is putting Switzerland in "a more untenable position."

The statement gives the text of a note which has been sent to the allied powers demanding that the blockade be raised insofar as it concerns Switzerland and saying, in case the request is not granted, Switzerland will find it necessary to recover her liberty of action.

"Hop Off" For Paris Next; Machine May Be Put In Museum.

BULLETIN
Plymouth, May 31.—It has been learned here unofficially that there is a prospect that the American seaplane N. C. 4 may fly home over the direct Atlantic route from Ireland to Newfoundland. It is understood a conference will be held here shortly to discuss the project.

BULLETIN
Plymouth, May 30.—The American seaplane N. C. 4 arrived here from Ferrol, Spain at 2:28 o'clock this afternoon.

The American naval flier came into view off Plymouth at 2:23 o'clock and three minutes later had dropped down in the harbor. Washington Saturday, May 31.—The United States seaplane N. C. 4 left the port of Ferrol, Spain, for Plymouth, England at 6:40 o'clock this morning.

Washington, May 31.—The American naval trans-Atlantic flight which began at Rockaway beach Long Island, May 8, was successfully completed today with the arrival of the N. C. 4 at Plymouth, England, after a 500 mile "hop" from Ferrol, Spain.

The commander of the three planes, the mander Albert C. Read's plane, the announcement that Lieut. Comdr. Read and his crew will go to Paris by direction of President Wilson to give allied officers attending the aviation conference there an account of their voyage. The N. C. 4 means time probably will be taken apart for shipment to the United States. It may eventually be placed in the national museum here.

Henry Howe Dies in Orfordville

(By Special Correspondent)
Orfordville, May 31.—Henry Howe, an old and prominent resident of this place died at his home here, yesterday afternoon at the age of 85 years. For many years Mr. Howe has been a member of the village board, resigning from that office a few months ago on account of ill health.

Mr. Howe moved from the family homestead farm about three miles north of the village.

Mr. Howe is survived by his wife, 2 sons, Louis who lives on the homestead, and Glen, manager of the telephone company, Kenosha, and an adopted daughter, Marion a student nurse in Madison.

Funeral services will be held from the home at 3 o'clock Sunday afternoon at the Orfordville church. The Rev. Mr. Worley of the Postville Christian church will officiate at the service assisted by the Rev. M. A. Drew, pastor of the local Methodist church. Burial will be made in the Orfordville cemetery.

Cheaper Beef Is Coming They Say

[BY ASSOCIATED PRESS.]
Chicago, May 31.—A decrease in the price of beef is "immediately at hand," according to a statement issued today by the bureau of public relations, American Meat Packers' association.

"Despite the fact that beef already is cheaper than pork, poultry and mutton it probably will decline further within the next few days," said the statement.

"There are several reasons. Cheaper grass fed cattle, which hitherto have not been plentiful, are now moving to market. Exports of beef for the United States have practically ceased. The government has stopped buying."

"It may take a few days for the lower price to reach the consumer."

Graves in Flanders Fields Decorated

[BY ASSOCIATED PRESS.]
Brussels, Friday, May 30.—The graves of Americans who fell in the last 10 days of desperate fighting of the war in eastern Flanders were decorated with flowers and the stars and stripes today. These Americans were buried in the cemetery at Oudenarde, and General De Blauw, governor of the province of east Flanders, and Burgomaster Boutrelign, of Oudenarde officiated at the ceremonies which were largely attended by the townspeople.

Local Bell Operators Defeat Beloit, 5 to 2

Janesville telephone operators triumphed over the Beloit office force baseball nine, 5 to 2, at the joint picnic of employees of the Janesville, Beloit, Evansville and Delavan offices at Yost's park yesterday afternoon.

The Janesville team was baffled by the twirling of Miss Agnes Smith.

Seventy-five people attended the picnic. Races in the afternoon were followed by dancing in the evening.

ILLINOIS FIRM BUYS MAIN ST. GRAVEL PIT

The Federal Sand & Gravel Co., an Illinois corporation, has come into possession of the sand pit on South Main street, near the Emerald Grove road, according to papers filed with Register of Deeds R. P. Smiley today. Consideration as shown by mortgages assumed is given at approximately \$106,000.

The land purchased was formerly owned by the Fisher Sand & Gravel Co., of this city. In 1915 it was sold to the Great Western Sand & Gravel Co. Illinois corporation. This firm mortgaged the property for \$75,000 and went bankrupt in 1918, the estate going into the hands of the Central Trust Co., from which it has now been purchased by the Federal Sand & Gravel Co.

Irish Have Bigger Heads Than Fellow in London, Says Prof.

London, May 31.—The people of Ireland look more like the accepted cartoons of John Bull than the English, according to Prof. A. Keith, authority on ethnology. Generally speaking, he said, the heads of Irishmen were bigger than those of Englishmen.

Taking the people of the Island of Arranmore as typical of early Ireland, Prof. Keith said one man shown to him as a typical Irishman was the double of John Bull which "punch" portrays.

"The average Arranmore head was much larger than the average London head," said Prof. Keith. "Now, as 5,000 years ago, the Arranmore Islander had to fight nature for a living. I wonder how many Londoners would manage to squeeze a living out of it."

"It might be thought that a highly civilized life would produce big brains but that is not so, as proved by those Irish fisher-farmers."

Louise A. Ford has written a discussion of a subject which is of interest to all of us. It is presented herewith:
A Chicago paper sent out the pictures of babies crying for their daily milk, which was being withheld by the drivers strike; of the greed of well fed men for just one penny more. Those pitiful little sorrowing faces brought the tears to every mother's eyes, who looked upon them. And the wonder of it, when the whole nation is sewing and working for the suffering 3000 miles away. Money, clothing and food are given gladly and generously to suffering humanity, but why let those nearest and dearest go hungry?

It recalls one of Dicken's stories, where the mother makes flannels for the heathen children in warm countries and lets her own go cold for lack of necessary warm clothing.

The price of milk seems high to the housewife who can remember milk at three cents per quart, and butter twelve and a half per pound. When life was all so simple; babies did not cry for food; with the brimming pails of milk brought into the farm kitchen, strained into the pans for the golden cream to rise, and then such sweet, golden butter as makes one's mouth water at just the thoughts of it all. Richer milk was fed to the pigs than the scientific milk that is sold today or withheld for more pennies.

I failed to understand until, through the courtesy of a friend an auto ride brought us to a farm house and opened eyes to the life of today. Incidentally the farmer told of selling a cow for one hundred dollars.

A hundred dollars I exclaimed! Why when I knew cows, they could be bought for a quarter of that amount.
"Yes," he said, "the first cow I bought I paid twenty-four dollars for and she was a better milker than the one I have now."

Then we were invited to see these wonderful cows that added the first cost of milk today. We were taken to the large, airy and clean basement of the barn, where standing side by side were twenty beautiful Holstein cows, chewing their cud in contentment. In the difficulty of procuring men to work, the good wife has to take a hand and as soon as it becomes daylight their work commences. The cows must be fed, watered and milked and freshened with clean straw. A chart hangs on the wall on which is written each cow's name, opposite to which the amount of milk given is written; then she is fed accordingly. The milk is put into large cans and now awaits the collector who carries it to the creamery, from there it goes to the consumer.

All this red tape means cost and work, that the earlier days knew nothing of. This has to be repeated at the close of day. Then there is that wonderful silo that holds the winter feed. More expensive. If not silo, then a high price for feed, all adding to the cost of milk.

By the time all this work is done it is breakfast time; just a few minutes of rest. The farmer has done as much work before breakfast as a plumber, carpenter or other working man does in eight hours allotted to them as a day's work.

Now the farm work commences, ploughing, sowing, harvesting, etc., and lasts until dark. When the pasture is green and abundant then the work is lightened by turning the cows into them for their feed, but through the long winter they must be cared for. To be sure the farm work is lighter then, but there is always plenty to do, not many idle moments and few recreations to relieve the monotony of life.

I left that farm house with different views of life. Surely the farmer earns all he gets and is only coming into his own, for there was a time in the lean years of farming, when many farmers had to buy equipments that were poor in quality because cheap.

But today the farmer has money and he can buy the best. The automobile is a part of this equipment—and as they pass with the family, I give thanks that they do not have to stay at home from church because the horses are tired and need a day of rest, as they used to in the days of long ago.

If we have to pay the price of milk let us economize in some other direction. Whatever happens let us care for the babies that they do not suffer, for dependence is a perpetual call upon humanity and a greater impetus to tenderness and pity than any other motive. Let the people think and be fair.

Get behind the scenes and realize that this higher education all cost money, especially the red tape part of it. The simple life is no longer possible unless we push out into the wilderness. Do you want to with all of its hardships and narrow life?

Mrs. Ford's discussion brings to mind the demand made by the public for service. Where formerly most people were satisfied with the ordinary comforts of life, today they demand the best. Take for instance the manner in which meat is purchased these days. With good wages being paid, the ordinary family man does not rebel at the thought of paying out two or three dollars for enough meat to provide for an over-Sunday meal. He goes into a market and picks out the best cuts. He pays the price without question and takes it as a matter of course. He is paying his share of the good wages the men who prepare the meat are paid, from the farmer on through the various steps of slaughtering, packing, shipping and serving. In doing this he is paying for service. In the old days he could go to the local butcher who did his own killing and serving and pay much less. It is true that he perhaps did not get as good service, but he got good meat and was satisfied.

As it is with meat, so it is with other food products. The public expects the best that can be obtained from all the markets of the world. A few years ago lettuce and radishes in mid-winter would have been a curiosity, while strawberries in this section of the world while the snow was on the ground would excite wonder. Today we can go into a store most anytime of the year and get green vegetables and choice fruits. We pay the prices but we expect to, and overlook the fact that sometimes those prices are high. It is our demand for the best—the unusual—which has established the service that makes possible strawberries in January and lettuce all the year round.

The war has had a great deal to do with the calm manner in which we pay prices for those things we want. We have been accustomed to paying the prices asked, after the first shock wore off in the early days of the conflict. We buy now because we think we need things and when the price is mentioned we pull out our purses and without a murmur plunk down the amount.

Whether we will go back to the old manner of living is doubtful, but it is a certainty that as long as we demand service we will have to pay the price.

FORTY YEARS AGO

The Janesville Daily Gazette, May 31, 1879.—Levi Alden, editor of the Gazette but now on the editorial staff of the Madison Journal, was in the city today visiting his daughter, Mrs. Frank C. Cook.

The Temple of Honor has appointed the following committee to make arrangements for its annual convention in June: E. L. Dimock, Robert Cairns, Jr., B. F. Crossett, M. A. Norris, John W. Ripney, John E. Hemmingsway, George H. Cross, T. J. Tarrant, George L. Burpee and J. D. King.

The predictions were made by some that Marshal Russell could not fulfill his duties because he had only one arm. He has not yet been obliged to call on anyone to assist him in making an arrest, and he has run in some of the worst boozers and bums found in the country. It may be a mystery as to how he does it, but the fact remains that he does.

The members of the select council of the Temple of Honor were yesterday the recipients of buttonhole bouquets, which added greatly to their appearance. The generous and thoughtful donors were Mrs. B. F. Crossett and Mrs. J. L. Ford. On returning to their hall the council passed a vote of thanks to these ladies. Some of our citizens complain, and justly so, at the inefficiency of the fire alarm this morning. The East side engine bell gave only a few taps, scarcely enough to attract attention a block away. The West side bell rang much louder and saved the day. There should be some steps taken to secure a louder and longer ringing of the bells, that an alarm of fire may be reasonably well circulated, as at present the bell is almost a farce.

THE ONE WHO STAYED BEHIND.

The boys are coming home—Great numbers of them—And the other day I saw a parade Of a very famous regiment. The street was thronged. With howling, screaming humanity. There was a mass of flags. The street was littered with flowers. There was music and laughter And miles of hectic gaiety. But somehow or other, I didn't have a smile in me, And I noticed there wasn't A single smile in the ranks. And there was a reason. There was one boy who didn't return.

His name was Johnny Carey. And when the call came for men He was a bell-hop in my club. And a brave little Irishman. Never came from the club sod. He had no relatives here And I went to the armory with him And later he wrote me a postcard. And then another and another. And then another and another. And I reached the casualty list Every morning and evening. Finally I found it. "CAREY, John, P. Killed in action."

To me, that triumphal march Up the beautiful thoroughfare Was a funeral procession. For my friend Johnny Carey. For my friend Johnny Carey. I seemed to be the only mourner. Now I know why the boys don't smile. When they march up the avenue.

THINGS THAT "GET YOU" NO PLACE. Standing on your head. Trying to walk on water. Sleeping on your elbow. Trading on past reputation. Talking about your neighbors. Making application for a bartender's job.

MOST YOUNG MEN LOOK LIKE THEIR CARS.

Dear Roy—I don't claim this to be a joke, but at least it represents a characteristic present-day state of mind. I was talking to her the other day. She asked me, "Do you know Harry?" "I'm not sure," said I. "What does he look like?" "Oh," she answered, "he's got a Stutz."

AFTER STORMS. What a wonderful world it is when the rain has passed away And the blue comes back to the sky Once more and the sunshine fills the day.

How fresh and bright are the friendly trees that yesterday dripped their tears. When the gloom departs and the sun comes out, how splendid the world appears!

But oh, how sweet is the thrill of joy that comes to the troubled heart. When the sun of hope shines high once more and the clouds of fear depart.

When the Lord has answered his anguished prayers and his loved ones smile again. How sweet the thrill of the peace that comes to banish the hurt and pain.

Boy Scout News

Edited by Walter W. Felts.

What has become of the Boy Scout orchestra which was started some time ago? An orchestra is just the thing right now, as we expect to have some big scout doings soon and music would play a big part in indoor activities. At present, we know of material for a dandy four-piece orchestra. Monte Emmons, patrol leader of the Black Bear patrol, Troop 5, is "right there" with a violin, as he has proved several times, and Leslie Johns, also of Troop 5, is a drummer worthy of recognition. Troop 2 also boasts of two musicians, Leon Jones and Charles Holsclaw. Leon plays the cornet and Charles plays the piano. We're going to look to these scouts to spring a surprise pretty soon, so they'll have to get busy.

It is rumored that Mr. Preston, boys' secretary at the "Y," has something up his sleeve, so something is sure to happen soon. Watch and wait!

Here's something of interest to tenderfoot scouts. National headquarters has decided that no tenderfoot scout

Let's make a resolution to the effect that the only tenderfoot scouts in Janesville will be the new scouts.

CLARK TO SPEAK AT COMMERCE CHAMBER DINNER, WEDNESDAY

W. L. Clark, general sales manager of the Samson Tractor and Janesville Machine companies, will be the speaker of the evening at the second annual dinner and meeting of the Chamber of Commerce in the auditorium of the Y. M. C. A., Wednesday, June 5, at 8 o'clock.

Directors of the chamber are congratulating the speaker for his ability to secure a speaker of such wide industrial experience and ability. It will be the first time that Mr. Clark has spoken in Janesville.

W. C. Durant, president of the General Motors corporation, will be in the city next week. It is expected that he will be present at the dinner Wednesday evening.

W. H. Dougherty will act as toastmaster. Reports of the chamber for the first year of its existence will be read and plans laid for the coming year.

Ballots for the final election of directors will be mailed out this evening to every member of the organization. The polls will close at the dinner at seven o'clock Wednesday evening. The votes will be counted and names of the new directors will be announced at that time.

The board feels that the program as arranged warrants the attendance of every member of the Chamber of Commerce and an appeal is made to them to forget the warm weather and be present at the dinner.

According to the instructions received by the chief of police no fireworks of any description will be stored in any building nearer than 200 feet from a neighboring building, except wholesale storage in original packages.

Persons celebrating on July 4 are warned against discharging Roman candles and skyrockets within 500 feet of any building. The order, however, does not apply to municipal celebrations, but the city officials are urged to stage their celebrations in parks.

HUGHES AGAIN DENIES HE IS WETS' COUNSEL

In a recent interview published in the Gazette, a Janesville saloonkeeper said that Charles Evans Hughes, a prominent lawyer, had been retained by the liquor men to fight for the repeal of the July prohibition law. Rev. R. G. Pierson of this city, made inquiry through a letter to Mr. Hughes, as to the truth of the statement. Following is the letter received in reply by Mr. Pierson:

"Your letter of May 14th addressed to me, Mr. Hughes, has been received. Mr. Hughes directs me to say, as indeed as he has already said in a public statement, that he has not been retained in the matter to which you refer.

ALBERT W. BOURNE,
Secretary to Mr. Hughes.

**G. A. R. GRAVES ARE
LADEN WITH FLOWERS**

Wednesday comrades of the local W. H. Sargent G. A. R. post, No. 2, placed 411 geranium plants on the graves of the deceased soldiers in the local cemetery. Those who assisted in the planting were: T. B. Winslow, D. C. Cummings, C. N. Riker, John Reeder, S. C. Burnham, Frank Smith, David Lawrence, E. Carter, W. M. Briggs, L. M. Nelson. The women of the W. R. C. also assisted in the work.

Thursday morning the comrades watered the plants and placed flags on their graves. Flags were also placed at Mt. Zion and the town of Janesville.

At the memorial services yesterday at the graves Charles Viney delivered Lincoln's "Gettysburg Address" in place of L. E. B. Winslow, today he placed a flag on the grave of the deceased. Mr. Viney had been confined to his home with illness for several months, but delivered the speech in excellent style. Mr. Viney gave the address in behalf of the comrades of welcome to the soldiers of the American war and also gave "General Logan's First Order." Lieutenant O'Brien replied for the American war soldiers.

LOOKING AROUND

TEACHERS MARK PAPERS

Rural teachers who are at the court house today marking papers are the Misses Laura Booth, Milton Junction; Doris McCulloch, Milton; Genevieve Jacobs, Janesville; Marie Fox, Fulton; Center; Davis, Clinton; Alice Koberly, Center; Minnie Mulholland, Evansville; Dora Conlon and Janet McAdams, Beloit; Luella Hanson, Newark; Inga Erickson, Beloit; Nellie Gillespie, Janesville, and Mary Phannan, Plymouth.

DEPARTMENT ANSWERS CALL.
The fire department responded to a call at George Gray's residence, 415 Fifth avenue, at 12:45 this morning. No damage was done.

NEW TABLES AT "Y"
Twelve new writing tables have been purchased by the Y. M. C. A. Two of the tables have been placed in the main lobby, while the others will be placed in rooms throughout the building.

LIBRARY ADDS BOOKS
The first 14 volumes of the encyclopedia Americana have been placed in the reference room at the public library. The remaining volumes will be added as they are issued. This work is especially valuable as it gives the latest information on recent topics and also the pronunciation of unusual words and names.

DANCE PROGRAM JUNE 11
The recital which Miss Josephine Fitzgerald and her pupils are to put on at the Amphitheater will be given June 11 instead of June 10, as was announced. The commencement exercises has caused the change in date.

COMMISSION WILL MEET.
The regular monthly meeting of the fire and police commission will be held at the city hall Monday afternoon at 5 o'clock.

MUST GET LICENSE.
City Clerk Victor Hemming stated this morning that the time for securing dog licenses expired June 1. All residents who have a dog over the age of 6 months must secure a license for the canine.

FINDS BUNCH OF KEYS.
Chief of Police Gower is holding a bunch of keys, which were found in front of the high school Thursday evening. Chief Gower stated that the owners could obtain the keys by calling at the police station.

WORK PROGRESSING.
City Engineer Kerch said this morning that the work on the new bridge over Rock river at Jackson street was progressing at a satisfactory rate. He asserted that the freight department's structure should be completed by December 1.

TAKEN TO WAUWATON.
Sheriff Fred Seiler has returned after taking A. C. and C. E. Guitner, brothers, to Waupun, where they will serve three year terms for stealing an automobile.

MARRIAGE LICENSE
Paul Edward Korman, Fond du Lac, and Leila Edson Taylor, Janesville, have applied for a license to wed.

SECOND PAPERS
William C. Dunn, Bradford, native of England, has applied for his citizenship papers.

**INTERURBAN STATION
IS IN NEW QUARTERS**

The passenger station of the Rockford and Interurban Railway company moved its quarters from the Myers hotel to the freight station on North Main street this morning.

The change was made advisable due to the cramped quarters of the Myers station. The new station has been freshly painted and is much larger than the old one, as the freight department has been moved to the back of the building. New seats will be placed in the waiting room shortly.

No tickets will be sold hereafter at the Myers house. The partition formerly separating the Myers from the station was removed this morning and taken to the new station.

Miss Mary Hickey, Milwaukee, visited at her home on Oakland avenue, over Memorial day.

STREET WORK WILL BE DELAYED--KERCH

"We will start the work of paving the streets ordered by the council just as soon as the city engineer's office can start work on the plans," Mayor E. C. Welsh said today. He said that the engineer's office was working at top speed now in an effort to get the sewerage and water program completed and with the underground work and the new bridge, it may be several weeks before the paving program can be started.

City Engineer Kerch said that it was impossible to start the work for several weeks, owing to the pressure of business in his office. "I have to complete the sewerage and water program," Mr. Kerch said, "and although short of help I am unable to secure men."

Mr. Kerch announced that the underground work had been started in several sections of the city and that just as soon as possible the work of paving the streets would start.

PEACE —and— WAR

[BY ASSOCIATED PRESS.]

With a plenary session of the peace conference today reading the Austrian peace terms set for this afternoon, efforts were continued during the forenoon to bring the Italian Jugo-Slav dispute over the Adriatic question to a final adjustment. The Jugo-Slav delegates, however, are said to be setting up obstacles, proving for the present at least more unyielding than the French.

Meanwhile there has been no indication of what action the allied conference purpose taking in regard to the counter proposals to the peace terms presented in Germany. It has been pointed out, however, that the greater part of the German objections have been answered in advance of the formal presentation of the counter proposals. It is known, too, that the allied powers have made preparations for almost immediate legislation if the Germans refuse to sign the treaty. In this connection the reported statement of the German ambassador in Paris, that he would do so at Berlin, may be considered significant.

Friday was an unusually active day for the translation of the German proposals into French and English. Attention for the day was confined for the most part to honoring the memory of American soldiers who fell on the battlefields of the war.

Military developments in the international situation include a reported Polish reverse in Volhynia, the Russian bolsheviks claiming to have driven the Poles from Rovno. This is the only sector, however, where the bolsheviks are claiming any gains of note.

Another development has been in Asia Minor, where the process of taking control of the coast from the Turks the Greeks have landed new forces at Aydin, northwest of Smyrna, at which latter port allied forces were disembarked two weeks ago.

"Welcome as the Flowers in May"

Always Welcome! It's hard to tell which season you like Schooff's cold meats best! In winter you enjoyed them, and when it's picnic time you wonder how you ever got up a lunch without some of these tasty dishes which are very dependable in quality.

Victoria Veal Loaf is carefully selected veal and pork combined with eggs and seasoned with choicest spices—scientifically baked. A delicacy for fastidious tastes.

Victoria Summer Sausage. Selected beef and pork seasoned and ground by special process, and carefully smoked.

Victoria New England Ham, ideal for sandwiches and equally good to serve on the platter. Highest grade of veal, beef, pork and gelatine go to make up this article.

Victoria Wieners, an appetizing product put up in casings, partially cooked. They are brought to delicious tenderness by heating a bit before serving.

Rich Strike Report Starts Rush of Old Timers, Alaska

Portland, Ore., May 30.—Old time miners of the Northwest are making toward Portland Canal, extreme southern part of Alaska, where a rich strike has been reported.

The exodus of prospectors brings to mind the famous rich strikes of the early days. Hundreds of men are leaving on every boat for Alaska, via the Inside Passage, taking their chances on staking some rich ground.

The strike was made, say reports, on old diggings on the Alaska side of the Alaska-British Columbia boundary. The ground is quartz formation. Practically all promising claims have been staked.

Keep Your Car Light on its Feet

If you want your car to have a "hair trigger" motor with lots of pep and snap—smooth, silent motion—be particular about the oil you use. Motorists of experience stand by

Centralene Automobile Oil

The Premium Motor Oil—as near perfect as science can make it. It's an anti-carbon lubricant—not a trace of sediment—free flowing—high viscosity, flash and fire test, and remarkable adhesive qualities. No amount of heat produced by heavy load or high speed will cause the film of Centralene to evaporate, liquify or break down.

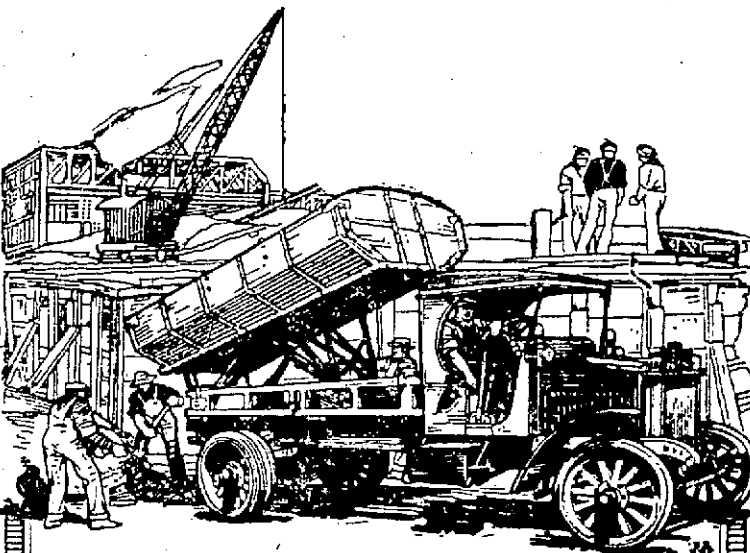

Keep your car light on its feet—perpetuate its driving power by using Centralene Automobile Oil—the choice of master automobile engineers. Drive in and see us.

Ask any Atterbury owner these questions

Do you get real service from your Atterbury?

Do you have any trouble worthy of the name?

How does the cost of upkeep compare with other motor trucks you have owned?

Before you invest your money in a motor truck, hunt up an Atterbury owner and ask the above questions.

If you will do this. And if you follow the advice of other OWNERS of the Atterbury, your next truck will be an Atterbury.

We have just issued a little folder, written by Atterbury owners, answering some of the above questions—and other questions you may want to ask.

Essenkay
A TIRE FILLER

Is Better-Than-Air

It must be admitted by the most skeptical that when 75,000 car owners are converted from air to ESSENKAY as a result of actual test over all sorts of load and under all road conditions, there MUST BE SOMETHING worth while in this Better-than-Air Tire Filler. That "something" means freedom from the worries and delays of punctures and blowouts, the big saving in expense from having no inner tubes to buy—no spare tires or rims—no pumps or jacks.

MILTON WINS FROM
DELAFIELD, 4 TO 2

(By Special Correspondent.)
Milton, May 31.—Playing errorless ball Milton's college baseball nine evened up matters with the cadets of Delafield Military academy by defeating them in a fast baseball game Wednesday by a 4 to 2 score. Strengthened by the return of Stillman, who plays third base, the college nine gave Randolph nearly perfect support. Pitching in perfect style, Randolph kept five hits well scattered and was never in danger. Both of Milton secured two hits in three times up and twice retired the side on catches in the field with men on third. Coach Fletcher, a brother of the shortstop on the new York Giants, caught the last three innings for the cadets. Principal Urin of Milton high school umpired the game.

You Bet.

JANES WILL PLAY AT
ROCKFORD, TOMORROW

Not a bit discouraged by their one-point defeat at Footville yesterday the Janes will journey to Rockford tomorrow afternoon to meet the Ogburn Colts, also known as the Rockford Cardinals. A number of fans will leave on the 12 o'clock interurban to see the game.

Optimistic Thought.

ALL-STARS TROUNCE
BELOIT, 14-3; PLAY AT
EDGERTON TOMORROW

Wielding the bat in their old-time form for a total of 17 hits, the Janesville All-Stars trounced the Beloit High School Informals 14 to 3, at Ballo's diamond yesterday afternoon. They played a great holding game pulling only three boners.

Ted Hager twirled invincible ball, allowing only six hits and striking out eight men. He had one bad inning—the second. Beloit scored its only three runs in that inning when McGlinley booted one and Ted's "foam ball" hit Leach on the knee and a couple of clean hits were driven out. After that all was rosy for the Stars.

Babcock playing in left field ran over to the Samson plant to catch one fly and nailed others in his territory. He poled a double and two singles. Marko was also a three-hit man yesterday. Curt Wall caught a fine game and got two hits.

Hager surprised his mates by his batting. With two on he drove out a double in one inning and brought in three when he rapped out a triple with the bases loaded. He was a second Babe Ruth yesterday.

Beloit used three pitchers to tame the All-Stars and then they were not tamed.

The All-Stars will journey to Edgerton tomorrow afternoon to play a return game with the Outlaws. The following Sunday they will play the Beloit Colored Giants here in the third and deciding game of the series.

Leo Dugan has been signed up by the Stars for the regular umpire and will officiate at every game in the future.

JUNIOR ALL-STARS
WIN DOUBLEHEADER

The Junior All-Stars won both games of a double-header yesterday, materially boosting their average. They won from the Monterey Wolves, 17 to 10, and defeated the Harmony nine, 19 to 3, at the fairgrounds.

The first game was the better of the two. Manthel, who essayed to pitch for the Wolves, was nipped for six doubles, two triples, and 23 singles. Dawson, Cullen, Zahn, and Gokey were the heavy hitters in this game. Dawson allowed eight hits and struck out eight Wolves.

Harmony was able to get only four hits off Dawson in the second game, while the young stars knocked three pitchers out of the box. G. Litroy rapped out a couple of two-baggers in this game. The big noise came in the eighth inning when the Stars cut loose and counted nine times.

The line-up:
Junior Stars—Leary, 1b; Arbecker, 2b; Dickerson, c; Dawson, p; Cullen, ss; Zahn, p; Gokey, 3b; Graesslin, rf; Litroy, lf; Slightam, cf.
Monterey Wolves—Bick, Dawson, S. Bick, Manthel, Karl, Glass, Kelly, Bugas and Boyce.
Harmony—Radke, c; Huple, p; Culver, ss; Scott, 1b; Penning, 2b; Scott, 3b; McCann, lf; Scott, rf; G. Huple, cf.

SENIORS GETTING ALL
READY FOR FINAL SONG

High school seniors have been practicing during the past month the singing of the class song on class night, June 10. Aloud the seniors will make their last recitations in school and Monday afternoon will sing their farewell song. Examinations will begin Tuesday morning promptly at nine o'clock and continue until Friday.

The flag of the class of 1919 was hoisted to the top of the flag staff of the high school Thursday afternoon. The flag will remain on the staff until the close of school.

150 Juniors-Seniors
Enjoy Annual Picnic

One hundred and fifty high school upper classmen attended the annual junior-senior picnic held Thursday afternoon at Fiebel's cottage near Crystal Springs. The majority of the party was taken up to the cottage in autos, while a few went in motor launches.

After arriving at the grounds several of the picnickers went in for a swim, others went boat riding, while others played baseball. At 6:00 a lunch was served consisting of sandwiches, beans, potato salad, ice cream, cake and lemonade.

Members of the high school faculty acted as chaperones.

BLACKHAWKS MEET
SHARON NINE HERE
SUNDAY AFTERNOON

With the Janes playing out of town tomorrow fans will have the opportunity of seeing the Blackhaws in action again after two weeks' idleness.

With Fleming on the mound and McCue behind the bat, the Hawks are scheduled to meet the Sharon nine at the fair grounds tomorrow afternoon. Sharon has a fast crew, the pick of Walworth county, a section noted for producing good ball players.

The Hawks have strengthened their line-up by the addition of Jack Butters at second base. Jack just arrived home from France with the Prairie division and is in tip top shape to play ball.

Cuddy Butters will cover third and may pitch if Fleming is unable to hold Sharon. Skelly Hill will perform at short with Skimmer Doran on the initial sack, Smith, Marshall, Cutts and a star pitcher, Eastman, will cover the outfield.

Peterson, well known to local fans, will twirl for Sharon, with Clapper doing the heavy back of the rubber. "Sharon" the colored boy, will be in Sharon's line-up.

The heavy hitting Hawks are out to retrieve their defeat at the hands of Footville here two weeks ago and with a little luck should win the game. Fleming has been going through some work-outs this week and is in the pink of condition to steam 'em over.

Strip tickets sold by the Janes a number of weeks ago will not be good at the Hawks' games. Kids under 12 and women will be admitted free tomorrow.

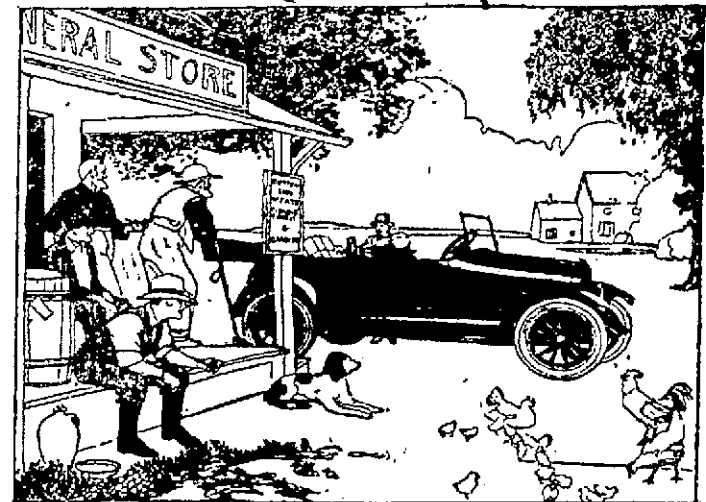

EDGERTON TRAILERS AT
FOOTVILLE TOMORROW

There should be one grand slaughter out at Footville tomorrow afternoon when the pale-hosed nine of that village clashes with the Highway Trailers of Edgerton. Unless the Trailers show up better than they did against the Janes here last Sunday, it will be easy picking for the Footville clan.

Fans out there are all hot up over their victory yesterday and want to see their favorites run away with the Edgerton gang tomorrow. Olson or Kachel will pitch for the Trailers, with either Lentz or Smith twirling for the White Sox. The game will start at three o'clock.

Ton Mile Champion

NO other truck, we find, has achieved such low ton hauling costs as has the All-American Super-Truck. So All-American users, figuring their costs per ton mile, have named it the "ton-mile champion."

In the first place, the cost of the truck is about half. That cuts the depreciation item in half; deducts considerable money from the ton-mile cost. We give surplus strength to every part; that trims down upkeep to insignificance, and further lowers ton-mile cost.

Ingenuously arranging the carrying of the load on a separate rear axle lowers tire wear, our low axle delivers 25% to 50% more of the created power to the wheels, saving motor energy. The motor itself, we believe, gives greater mileage per gallon of fuel than any we know of. Thus operating costs per ton-mile are low, too. And you might as well add this saving to your profits by hauling with the All-American Super-Truck.

We want you to inspect it here. Or telephone us about ton-mile costs.

The Essex Speaks for Itself

New in Name and Type—Proved in Popularity

Its Position is Assured

Marks Progressive Step in Construction and Engineering Development

The Essex was introduced without an elaborate advertising campaign. Its makers were confident it would win popularity by its performance and appearance. They wanted the car to speak for itself. They wanted the public to be its advertisers.

So eloquently has the car spoken that the number of Essex owners promises to be limited only by the production capacity of the factory. The year's only new car has won such enthusiastic admirers that we resist the temptation to describe or make claims for it. Whatever we said would of necessity be overshadowed by the praise of those who have seen the car tested.

We want you to have an actual demonstration. We know that you will recognize in the Essex a distinctively new type of car. We are sure you will appreciate the beauty, comfort, riding qualities, endurance and refinement that usually mark the costly car, combined with the lightness and economy of the inexpensive one.

Reports from the factory indicate that production can not keep pace with demand. Those

who fail to buy now may be disappointed later in the season. Probably half a million people have recognized the unusual worth of the Essex. They have made it the chief topic of automobile conversation. Salesrooms have been crowded. Waiting lists have had to be established for those who wish delivery at the earliest possible date.

Meets Every Demand

Let us prove to your satisfaction that the Essex, at a moderate price, has none of the shortcomings and limitations common with inexpensive cars. Learn why others love to ride in it and marvel at its grace and mechanical merit. See for yourself why its beauty is so much admired—why it has won unprecedented popularity with both men and women. You will see that it meets every exacting demand of youth for smartness and flexibility; that it gratifies the desire of maturity for comfort, refinement and reliability.

SALESMAN—Magazine experience
for branch manager well-known popu-
lar publication, entirely new sales
method, splendid opportunity for
right man. Empire, 350 Broadway,
New York.

SALES MAN
We want a capable salesman, who is
a hard worker and is ambitious to
own a business whereby he can reap
the full reward from his efforts.

We are a Nationally known manu-
facturing concern making a specialty
that is required by every line of busi-
ness and which is right now being ad-
vertised in a big way in the best pub-
lications of the country.

Only one man in each county who
be given this proposition. This man
by application to our work and study
of our Sales Manual will find our
proposition one by which he will earn
from \$10.00 to \$100.00 per week.

The man we select must be strictly
honest and have a desire to partici-
pate in the success of a National Or-
ganization of the highest character.
He must be in a position to purchase
him from \$45.00 to \$93.00 depending
upon population. These goods are
sold to him on a money back guaran-
tee.

If you can comply with these re-
quirements we have a splendid oppor-
tunity for you, write for particulars
stating age and past selling experi-
ence to New Era Mfg. Co., 1384 North
American Bldg., Chicago.

It's Cheaper to Build a Warm House Than Heat a Cold One

Here is a building material that makes a home comfortable the year round and pays for itself in a few years. Built into the walls of a house it keeps the cold out in winter and the heat out in summer. And saves 30% to 40% of your coal bills.

Art and Economy in Home Building

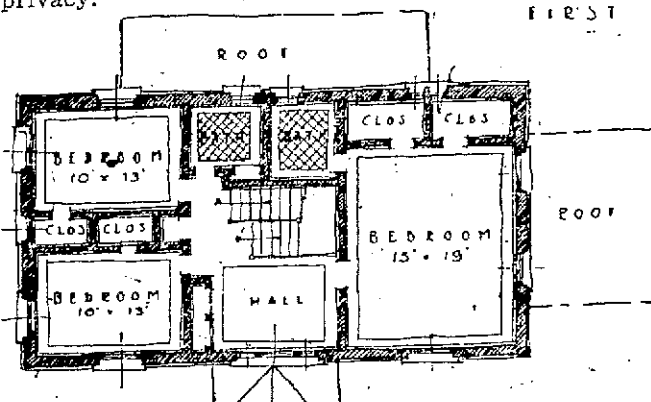

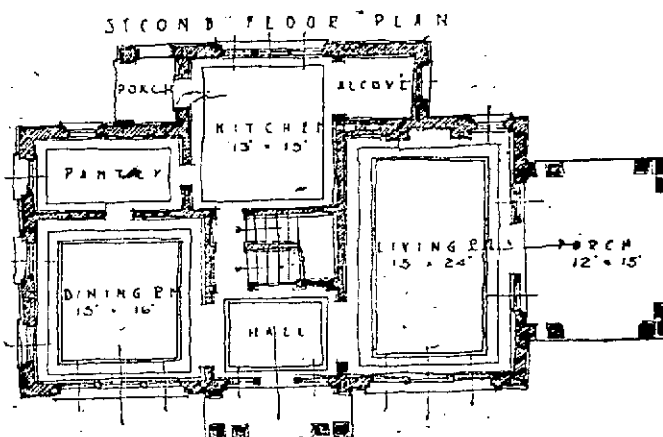

No. 6—Norton Kirkpatrick, Architect, Gluck Bldg., Niagara Falls, N. Y.

Small Colonial; stucco on hollow tile; slate or asbestos shingle roof; oak floors; white enamel finish woodwork; hot water heating; tile baths; maid's room, extra bath and storage room on third floor.

Affords economy through concentration of plumbing and heating arrangements, so as to use one plumbing stack and one chimney.

Has only one stairs, but so arranged as to be used by maid, without interfering with owner's privacy.

This makes a very attractive and comfortable dwelling.
